

Brazed Plate Heat Exchangers

We have an extensive range of Brazed Plate Heat Exchangers available for immediate delivery from stock.

The plates are manufactured from AISI 316 stainless steel with copper / nickel brazing.

We offer a same day quotation service for standard applications.

Advantages

- Low purchase price
- Compact design
- High thermal efficiency
- High pressure and temperature ratings

Typical Applications

- Boiler separation plates
- Solar heating systems
- Heat pump installations
- Refrigerant evaporators & condensers
- Compressed air coolers

Insulation Jackets

All heat exchangers can be supplied with Insulation Jackets to reduce energy losses

Other products from UK Exchangers Ltd

- Gasketed Plate Heat Exchangers
- Air to Air Plate Heat Exchangers
- Thermal Wheels
- Finned Tube Coils
- Hot Water Packaged Systems
- Shell & Coil Heat Exchangers
- Corrugated Tube Heat Exchangers
